User Manual: "Find University" Android App

Introduction

Welcome to the user manual for the "Find University" Android app! We are delighted that you've chosen our app to aid you in your academic journey. This comprehensive user manual is designed to help you make the most of the app's features, enabling you to find the perfect university that aligns with your academic aspirations.

The "Find University" app is a versatile tool that streamlines the process of discovering universities, personalizing your experience, and interacting with educational institutions. Whether you're a prospective student, a seasoned academic explorer, or an admin managing university profiles, this manual provides the guidance you need to navigate the app effectively.

Getting Started

Before we delve into the app's features and functionalities, it's essential to ensure that you have the app installed on your Android device.

Once the app is installed, open it, and you'll be greeted with a user-friendly interface that leads you on a journey to explore universities and manage your profile. This manual will walk you through each step, making the app's capabilities accessible and user-friendly.

What You'll Learn

In this user manual, you'll discover how to:

Create and Manage Your User Profile: Learn how to set up your user profile, personalize it with your academic interests and preferences, and make your academic journey uniquely yours.

Discover Universities: Understand how to search for universities based on majors, locations, and admission requirements. You'll also learn how to access personalized university recommendations.

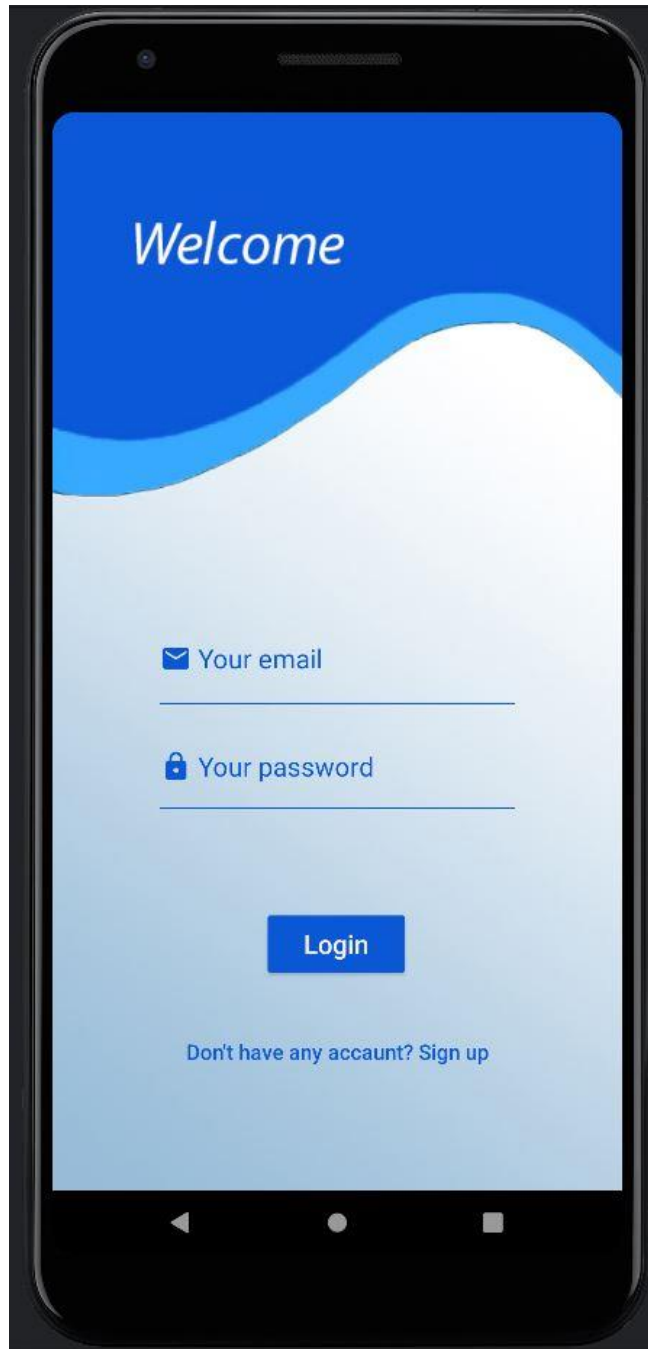

Interact with Universities: You'll learn how to manage your favorite list.

Admin Functions: For administrators, this manual covers how to add and manage university profiles effectively.

With this user manual in hand, you're well-equipped to harness the full potential of the "Find University" app. Let's get started on your journey to finding the perfect university for your academic pursuits! Enjoy exploring and best of luck with your educational endeavors!

After logging in you will be able to reach to dashboard, you can see your profile by clicking profile icon and can change it by setting icon. There is also 4 buttons with diffetent functions. We are describing them one by one.

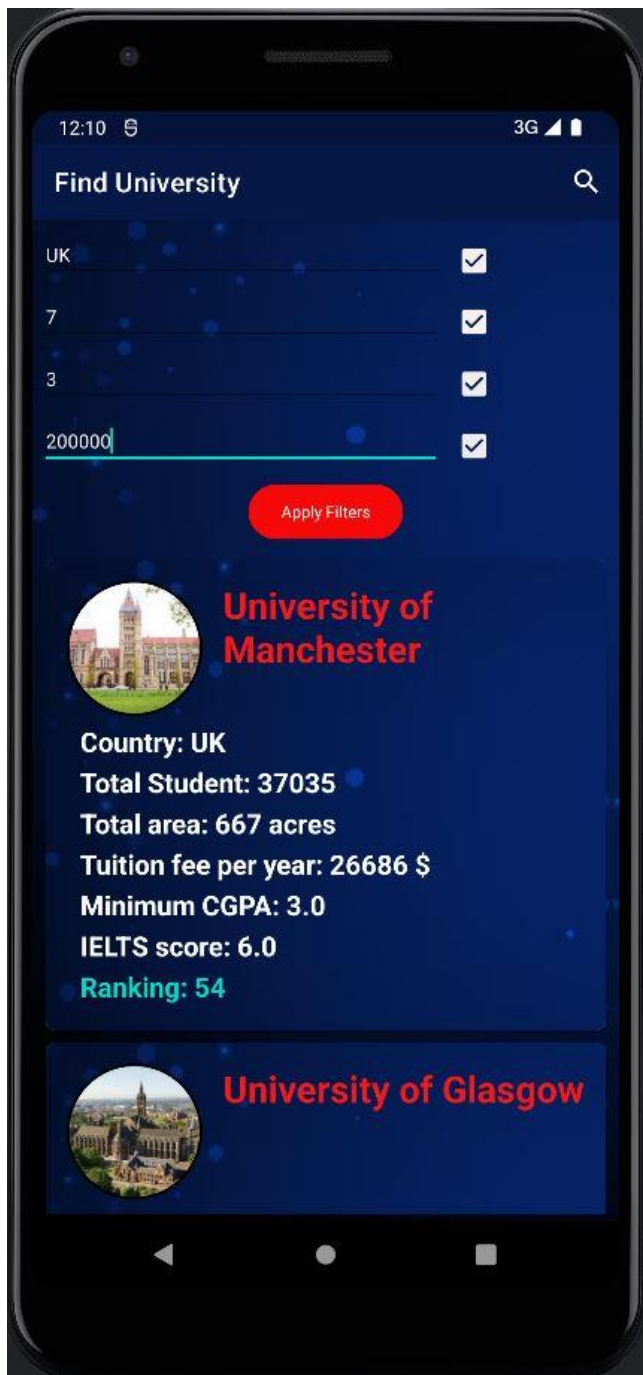

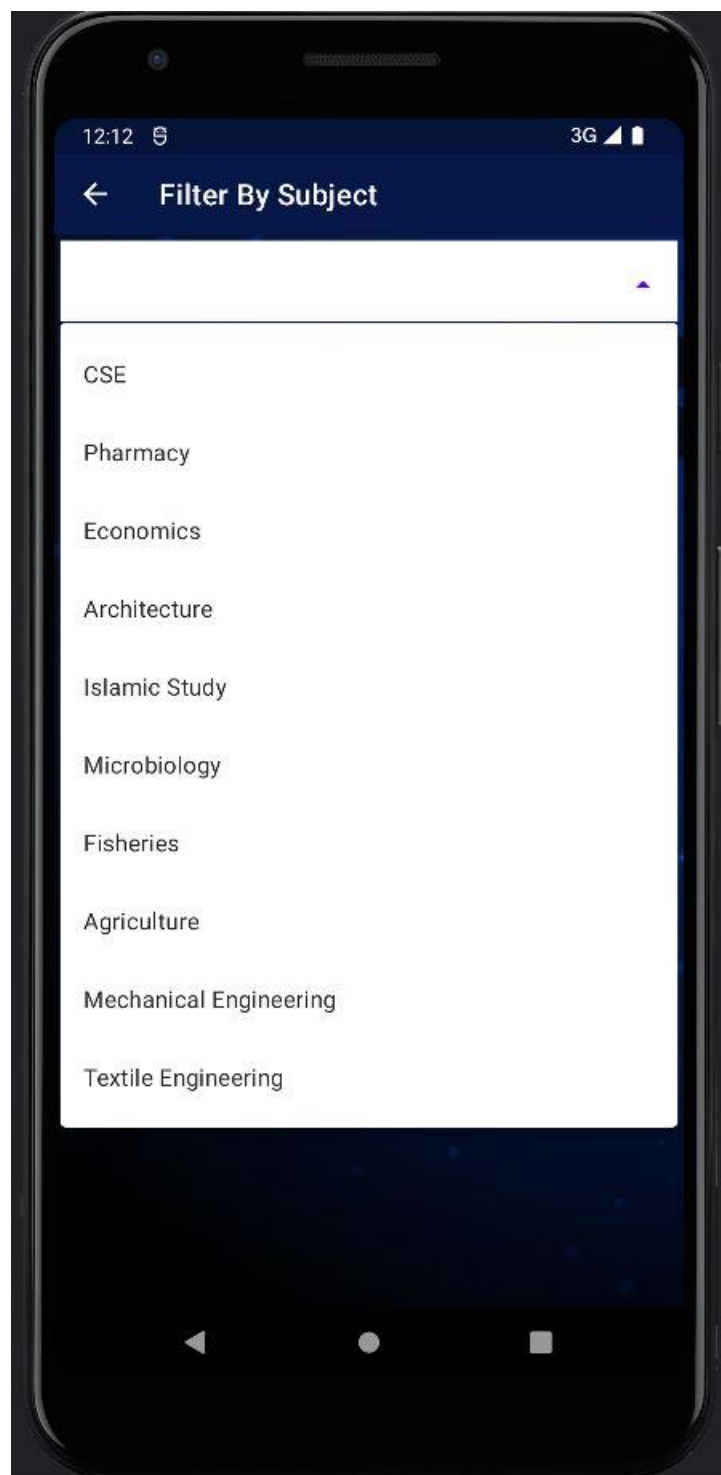

The image shows a mobile application interface for updating a profile. At the top, the status bar displays the time 12:47, a signal strength icon, and 3G connectivity. Below the status bar, a dark blue header contains a back arrow and the text "Profile Update". The main content area has a dark blue background with a pattern of small, light blue dots. The title "Update Information" is centered in white. Below the title are three white input fields with light gray borders, each containing a placeholder label: "Major", "CGPA", and "IELTS". At the bottom of the form is a red button with the word "UPDATE" in white capital letters. The bottom of the screen shows the standard Android navigation bar with back, home, and recent apps icons.

Search button:

"Utilize the checkboxes to filter universities based on various criteria. Additionally, you can employ the search icon to search for universities by their name."

Filter By Subject Button: To filter by subject, simply use the 'Filter by Subject' button. It will provide a dropdown menu for you to select your desired subject. If you're specifically looking for universities offering PhD or master's programs, you can do so by clicking on the respective buttons provided

Favourite List Button:

The 'Favourite List' button allows you to access a list of universities you've marked as your favorites. To add a university to your favorites, simply click the '❤️' (heart) button next to the university. When you select the '❤️' button, it will be filled, indicating that the university has been added to your favorites.

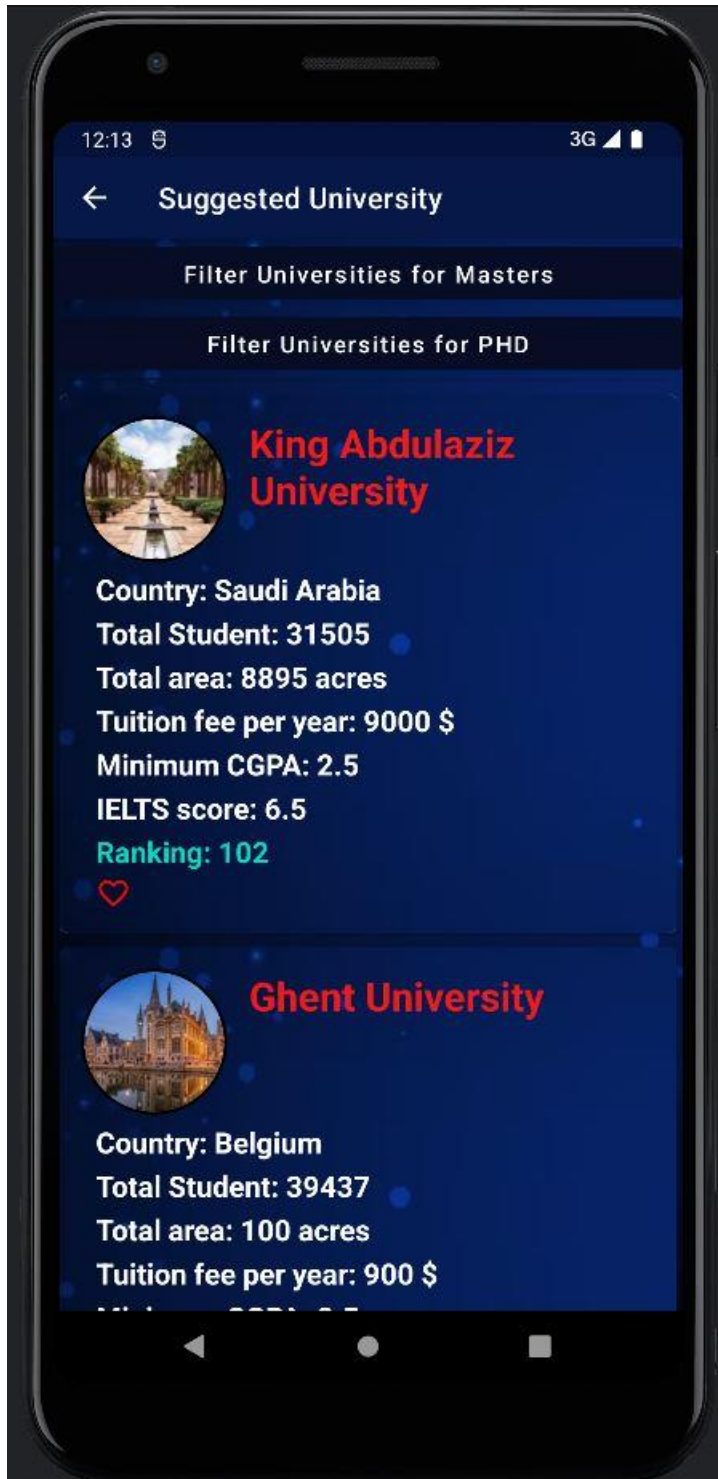

Within this activity, you'll also find a button to view all universities in your favorites list. Additionally, you can use the search feature to look for specific universities by their name.

According to Profile Button:

Here you will get the universities according to your profile. This app will suggest universities which might be helpful to you.

Admins Pannel: By input admin's email and Password admins can Add Universities in the database.

The image shows a mobile application interface for adding universities. The interface is displayed on a smartphone screen with a black status bar at the top showing the time as 12:08 and 3G connectivity. The main content area is white and contains a grid of 20 input fields for various university details. The fields are arranged in two columns. The first column contains: University name, URL, Id, Total student, CGPA, Fee, IELTS, Area, Country, csem, csed, phm, phd, ecd, ecm, and med. The second column contains: ard, arm, ihd, ihm, mbd, mbm, fid, fim, agd, agm, ted, tem, ranking, and mem. A black button with the text 'SUBMIT' is located at the bottom center of the form. The bottom of the screen shows the standard Android navigation bar with back, home, and recent apps buttons.

University name	
URL	
Id	ard
Total student	arm
CGPA	ihd
Fee	ihm
IELTS	mbd
Area	mbm
Country	fid
csem	fim
csed	agd
phm	agm
phd	ted
ecd	tem
ecm	ranking
med	mem

SUBMIT

Conclusion:

As we wrap up this user manual for the "Find University" Android app, we hope that you feel well-equipped and excited to embark on your educational journey with our user-friendly and empowering application.

The "Find University" app is more than just a tool; it's a guide, a companion, and a resource designed to simplify the complex process of university selection. Whether you're a prospective student looking to discover your ideal academic destination or an admin managing university profiles, our app offers an array of features to cater to your needs.

Thank you for choosing our app, and we wish you the very best on your path to higher education. May it be filled with opportunities, growth, and success.

Happy exploring!
